

Round about midnight:

Vers:

I opened up my eyes, turned over and over.
I blew out the candle too early this evening.

Took my jacket and closed the door
No one would ask me, no one would ask me -this evening

Ref

What I have stolen was from me

Vers

Took a walk along the ocean where people've been laughing.
I blew out the candle too early this evening

Ref:

What I have stolen -was from me.

I got into the water, swam in all directions
Didn't know what was up or down -when it all came to me

Ref:

What I have stolen -was from me.

Outro:

Going home round about midnight
